

There are many programs that can assist you with the cost of your medications and we at Illinois Heart and Vascular want to help. Review the list below. If you are on any of these medications ask your nurse for information at your next visit or see our web site at www.illinoisheart.com - "For Patients"

www.illinoisheart.com

Listed below are companies and organizations that offer medication assistance programs.
 If you are taking one of their medications we suggest you contact them for more information
 on rebates and co-pay programs.
 Also, we have listed several federal and local programs available for assistance.

Please don't stop taking your medication due to cost, there may be a program to help you.
